

CLIP IN EXTENSIONS

Order your Clip in Extensions with RocknRollerHair for your nights out, special occasions, wedding day hair etc.

All you need to do is to make a quick appointment with me for your initial clip in extensions colour match!

We colour match your hair and I place your order for you.

Once your Clip Ins arrive, they can either be sent direct to you or you are welcome to book in for an additional service of having the clip in extensions fitted (at the same time I will show you how to properly fit these), blended with your hair, and Insta glam waves to finish.
